LIST OF PRODUCTS FOR EXPORT UNDER AGOA *

The list of goods and production capacities should be limited to those products, which are
to be manufactured only from the list of machinery given in the Industrial registration
form or most recent annual return submitted to the Registrar of Industries.

Table with 3 columns: SITC/HS, DESCRIPTION, INSTALLED PRODUCTION CAPACITY (Per Annum). Rows 1-5.

UNDERTAKING

I hereby declare that the information given above is correct and I undertake to keep for at least five
years, all the records relating but not limited, to the production of goods to be exported , number of
workers, actual quantity produced, work done outside (subcontracted) and the machinery used as per
AGOA requirements.
